The Citigold® Account Package is a relationship status of Citigold®. The Citigold® Account Package must contain a Regular Checking or Citigold® Interest Checking Account. You will receive notice regarding when your Citigold® Account Package will be converted. Please refer to the Citi Priority Account Package in the *Marketplace Addendum* to review the terms of that package.

Your Citigold® Account Package will become part of Citigold® Private Client if we determine that your combined average monthly balances in the Citigold® Account Package meets the Citigold® Private Client required minimum combined average monthly balance of \$1,000,000 in eligible linked deposit, retirement and investment accounts.

⁸ When not linked to a Regular Checking account, savings or money market account balances for the calendar month prior to the end of the monthly statement period will be used to determine your Average Savings Balance and, therefore, your fee, which will appear as a charge on the statement you receive for the next monthly period.

⁹ If a savings or money market account is linked to a Regular Checking account, there is no separate monthly service fee for a savings or money market account, regardless of account balance, unless the checking account is closed.

¹⁰ You can get cash, get information and transfer balances between eligible linked Citibank accounts with no ATM usage fee when you use your Citibank® ATM or Debit Card at ATMs in Citibank branches and Citibank branded ATMs at other locations. Not all ATMs are owned or operated by Citibank. Not all functions are available at all ATMs.

¹¹ Fees charged to you by other institutions for your transactions on non-Citibank ATMs are beyond Citibank's control and are in addition to the fees listed here. If you are charged a fee for the use of a Proprietary Citibank ATM, please contact us for a full refund.

¹² Non-Citibank ATM fees will be waived for a Basic Banking Package if our records reflect that the first-listed signer on an eligible Regular Checking, savings or money market account is age 62 or older.

> Access Account Package

Overview. An Access Account Package can consist of a Regular Checking account that does not offer a check writing feature and/ or an Access Savings account, which can be linked for pricing and statement purposes. No other products are eligible for this package. An Access Account Package with a Citibank Savings Plus account or a Citi Savings account without a linked checkless Regular Checking account is Access Savings.

Only a checkless Regular Checking account or Citi Savings account may be opened in an Access Account Package. With the Access Account Package you can utilize benefits such as electronic bill payment, Citibank® Banking Card and Citibank® Global Transfer Service.

The interest rate that you earn for a money market account or savings account in a Access Account package, except for a Citi® Savings Account, will be paid at the lowest tiered rate established for the account regardless of the account balance.

- Checks cannot be ordered for any account in an Access Account Package.
- The Access Account Package is designed so that certain transactions in a checkless Regular Checking or Access Savings account in an Access Account Package will not be authorized.¹
- There are no overdraft charges for any Citibank fees, such as monthly service and non-Citibank ATM fees, that post to an account in an Access Account Package and overdraw your checkless Regular Checking or Access Savings Account balance.
- A Deposited Check Returned Unpaid, a fee of \$12 will continue to be assessed, as well as all other applicable account fees and charges.

¹ Any PIN-based or Point of Sale, ACH or Debit card transaction, or ATM withdrawal initiated for an amount over your available account balance will be declined.

A new Checking Plus® (variable rate) line of credit cannot be linked to the Access Account Package for overdraft protection. This includes situations where an existing Access Account holder may have previously had a linked Checking Plus account that was subsequently closed.

Existing checkless Regular Checking accounts with a linked Checking Plus® line of credit will continue to retain their linked Checking Plus line of credit as well as access to the Safety Check overdraft protection service. In addition, the \$10 Overdraft Protection Transfer Fee will not be charged on Checking Plus and Safety Check transfers.

Checks cannot be ordered or written on checkless Regular Checking or Access Savings accounts in an Access Account Package. Any transactions to a checkless Regular Checking or Access Savings account in an Access Account Package that involve a check, including written checks, check by phone or third party authorizations that come through as a check will not be honored.

Checks should not be ordered from any source for a checkless Regular Checking account or Access Savings account. When providing account and routing numbers to merchants to make a payment, (whether in person, electronically or over the phone) you need to ensure that the merchant is using the ACH (Automated Clearing House) system to process the transaction as an electronic debit, as ACH is an accepted form of payment for these account types. If the merchant processes a payment as a check, the check will be rejected and not paid. You may be charged a fee by the merchant if this happens.

Household Linking. Balances from other packages in the household are not used to offset monthly fees. Balances from accounts in an Access Account Package can contribute to the combined average monthly balances of a household that has another Citibank account package to avoid monthly service fees in that package, except for a Basic Banking or Access Account Package. For additional information about household linking, please refer to the section of this *Marketplace Addendum* titled "Household Linking of Account Packages."

For current interest rates and Annual Percentage Yields, please visit citibank.com or call CitiPhone Banking 888-248-4226. We may assign the same interest rate to more than one balance range. Interest rates may vary depending on one or more of the following, Rate Region (determined by factors, which may include branch location or home (not mailing) address), Account Balance, Account Package Type. The interest rate and/or corresponding APY (collectively known as “Rates”) applicable to the Citi Miles Ahead Savings Account are based on your residential/home (not mailing) address and account balance.

When Interest Begins To Accrue. Non-Cash items, such as checks, deposited to a money market account begin to earn interest on the date Citibank receives credit for the funds. This date will be no later than the second Business Day after the Business Day the check deposit is received. A cash deposit begins to earn interest on the Business Day the cash deposit is received. (Please see the *Client Manual – Consumer Accounts* for definition of “Business Day.”)

Interest Calculation Method and Rate Information. We use the daily balance method to calculate the interest on the Citi Miles AheadSM Savings Account. This method uses the daily balance of all deposited funds in your account on which we have received credit to determine the applicable interest rate tier for each day of the statement period. This method may cause a change in the amount of interest you earn depending on the daily balance changes in your account. The principal in the account is reduced based upon the transaction date when a withdrawal or other debit transaction occurs, which is not always the same as the posting date. The principal balance on which interest is calculated may not be the same as that appearing on your periodic statement if there have been intervening transactions.

Account Balance Ranges for Interest Rate Calculations

\$0 - \$9,999.99
 \$10,000 - \$49,999.99
 \$50,000 - \$199,999.99
 \$200,000+

Interest Compounding and Crediting. Interest is compounded daily for the actual number of days your money is on deposit and is credited to your account monthly. Interest is computed using a 365-day year except in leap years when interest may be computed on a 366-day basis.

Interest Adjustments. An interest adjustment for a transaction occurring during a statement period may be reflected on your statement in the next statement period rather than in the statement period in which it occurs.

Interest on Closed Accounts. If the account is closed before the end of the monthly statement period, interest will be paid for the number of days the account was open during the period in accordance with the daily balance method.

> Certificates of Deposit

Account Features. Citibank offers a variety of Certificates of Deposits (CDs):

- 3, 4, 5, 6, 7, 8, 9, 10, 11 Month CDs with monthly interest or interest at maturity
- 1 year CD with monthly interest or interest at maturity
- 13, 14, 15, 18, and 30-Month CDs, and 2 year, 3 year, 4 year, and 5 year CDs with monthly interest
- Step Up CD – 30 months CD
- No Penalty CD – 12 month CD

All our certificates are time deposits. With a time deposit, you agree to leave your funds in the account for a specific period, called the term. The last day of the term is called the maturity date. The maturity date is the first day on which you may withdraw funds without paying an early withdrawal penalty, explained below.

Minimum Opening Deposit. The minimum balance required to open a Certificate of Deposit account is \$500. No additional deposits are permitted during the term of the account. We reserve the right to close the account if the account balance falls below the minimum balance. Certificate of Deposit accounts that maintain a zero balance will automatically close after 20 days.

Step Up CD. A Step Up CD is only available for a 30 month term. Upon maturity, your CD will automatically renew for the same term but at the APY and interest rate currently being offered, unless you request a change during the 7 calendar day grace period, or the CD rate or term is no longer offered. The 7 calendar day grace period starts the day after your maturity date during which you can make changes, deposits or withdrawals from your CD (the Grace Period). You cannot renew an existing Step Up CD to a new Step Up CD. If you make changes to the CD term, change the CD product type, make a deposit or make a withdrawal before the end of the Grace Period, the Grace Period will end on that day and a new Opening Date and Maturity Date will apply, after which any changes made before the new Maturity Date will incur a penalty. A 30-month CD will renew at the interest rate and APY in effect on the maturity date, except that your renewed CD will not be a Step Up CD and will not have the step up feature. If the term of your maturing CD is no longer offered, your CD may be renewed at the next greater term.

No Penalty CD. A No Penalty CD is only available for a 12 month term. With a No Penalty CD, you may withdraw your full balance and interest at any time without incurring any penalty fees after the first six (6) calendar days you make the minimum deposit into your new CD account and your Qualifying Deposit has been fully collected. Partial withdrawals are not permitted. Upon maturity, your CD will automatically renew for the same term but at the APY and interest rate currently being offered, unless you request a change during the seven (7) calendar day grace period, or the CD rate or term is no longer offered. The seven (7) calendar day grace period starts the day after your maturity date during which you can make changes, deposits or withdrawals from your CD (the Grace Period). You cannot renew an existing No Penalty CD to a new No Penalty CD. If you make changes to the CD term, change the CD product type, make a deposit or make a withdrawal before the end of the Grace Period, the Grace Period will end on that day and a new Opening Date and Maturity Date will apply, after which any changes made before the new Maturity Date will incur a penalty (except for a new No Penalty CD that allows full withdrawals six (6) calendar days after deposit). A 12-month CD will renew at the interest rate and APY in effect on the maturity date, except that your renewed CD will not have the no penalty feature. If the term of your maturing CD is no longer offered, your CD may be renewed at the next greater term.

Rate Information. Except for Step Up CDs, the interest rate and Annual Percentage Yield (APY) for all new and renewing CDs are fixed for the term of the CD. During the term of a new Step Up CD, the Composite APY is based on a fixed initial interest rate for the first ten month period and the increased interest rates for the second and third succeeding ten month periods. For a new CD, the interest rate and APY are based on the balance you deposit into the CD as disclosed on the applicable rate sheet delivered when your CD is opened. For a renewing CD, the interest rate and APY will be based on the rates in effect for the governing state of your CD, product type, and account balance on the date your CD renews, except that a renewing Step Up CD and No Penalty CD will not renew with the Step Up feature or No Penalty feature, respectively.

CD Balance Ranges for Interest Rate Calculations

\$0 - \$9,999.99
\$10,000 - \$24,999.99
\$25,000 - \$49,999.99
50,000 - \$99,999.99
\$100,000 - \$499,999.99
\$500,000 - \$999,999.99
\$1,000,000+

We may assign the same interest rate to more than one balance range. Interest rates may vary depending on one or more of the following:

- Rate Region (determined by factors, which may include branch location or home (not mailing) address)
- Account Balance
- Account Package Type

Please refer to your applicable rate sheet.

Automatic Renewal and Grace Period. Unless we receive other instructions, all CDs will renew automatically at maturity for the same term. The renewal CD will be for the same term, but at the interest rate currently being offered. There is up to a 7 calendar day Grace Period after the Maturity Date. If the last day of the Grace Period is a non-business day (a weekend or bank holiday), then the Grace Period ends on the last business day before that non-business day. During the Grace Period you can change your term, additional funds can be deposited and funds can be withdrawn without paying an early withdrawal penalty. However, if you change your term, make a deposit or withdrawal: (1) the Grace Period will end that day, your Opening Date will reset and a new Maturity Date will apply, after which you will no longer be able to make any changes until the next Maturity Date without incurring a penalty and (2) we will pay interest from the Maturity Date until the day before your new Opening Date (but not more than 7 calendar days) at the interest rate then in effect on the Maturity Date.

Interest Withdrawal. You may withdraw interest from your Certificate of Deposit at any time during the term after it has been credited without an early withdrawal penalty. You may request to have credited interest deposited to another account you have with us or sent to you in the form of a check. If your account renews automatically, after the grace period your interest will be added to your principal balance and will no longer be available for withdrawal without penalty.

The Annual Percentage Yield (APY) on your account assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Fees. There is no separate monthly service fee for a Certificate of Deposit.

Linking. The balances in other Citibank accounts that are linked to the account will not be included in the balance calculation for rate determination of your Certificate of Deposit account. The balances in your Certificate of Deposit account may contribute to the balances of eligible Citibank account packages for the purposes of package fee determination.

If you change the term of the CD during the grace period, the rate for the renewal term will be determined based on the rate sheet in effect on the date of CD renewal.

Interest Rate Determination. Citibank uses the daily balance method to calculate the interest on CDs. This method applies a daily periodic rate to the balance in the account each day. Interest is compounded daily starting on the business day when the account is opened, and is credited monthly (except on CDs with the interest at maturity feature, where interest is credited to the account on the maturity date). All CDs are offered with a monthly interest feature. CDs with terms of one year or less are also available with an interest at maturity feature. Interest is computed on a 365 day year for the actual number of days your money is on deposit. Interest may be computed using a 366 day basis for leap years. Interest is credited to your account after the close of business on the last business day of the month for all CDs. Interest is paid up to but not including the maturity date. If you open your CD, or if your CD renews, during the last week of any month, interest from the date opened/renewed to the end of the month may be included in the interest payment for the first full month after the CD is opened or renewed.

When Interest Begins to Accrue. Interest begins to accrue on the business day you open your account or on the day your CD renews (Please see the *Client Manual – Consumer Accounts* for definition of “Business Day.”)

Early Withdrawal Penalties. Except for No Penalty CD, when you open a Certificate of Deposit, you agree to keep the principal on deposit with Citibank for the term you have selected. Citibank will impose a substantial penalty if you withdraw any principal before the maturity date. It may be necessary to deduct all or a portion of the penalty from the principal amount of the deposit. Early withdrawal penalties are calculated on the amount of the principal withdrawn. In all markets, a 90-day simple interest penalty will apply for terms of 1 year or less, and a 180-day simple interest penalty will apply for terms greater than one year. You may withdraw interest from your CD at any time during the term after it has been credited without an early withdrawal penalty. Partial withdrawals of principal are subject to early withdrawal penalties. There is no early withdrawal penalty if the account owner dies or is declared legally incompetent.

Investment Account Linking

The section deals with your ability to link certain investment accounts available through Citigroup Global Markets Inc., our affiliate, to certain account packages.

> Linking Your Account to a Citigroup Global Markets Inc. Investment Account

You can link a Citigroup Global Markets Inc. Investment Account to your Citibank® Student Account Package, Citibank® Account Package, your Citi Priority Account Package, your Citigold® Account Package or your Citi Private Bank Interest Checking Account, provided that the account titles are identical.

Linking your Citibank® Account Package, Citibank® Student Account Package, Citi Priority Account Package, Citigold® Account Package or your Citi Private Bank Interest Checking Account to a Citigroup Global Markets Inc. Account (“Linked Investment Account”) has many advantages, such as being able to view the balances in your Linked Investment Account using Citibank® Online or Citi Mobile®, and at ATMs located in Citibank branches. In addition, eligible balances in your Linked Investment Account are currently counted toward relationship pricing of your Citibank® Account Package, Citi Priority, Citigold® Account Package, or your Citi Private Bank Interest Checking Account.

Summary account balances for Citigroup Global Markets Inc. Investment Accounts through Citi Personal Wealth Management or Citi Private Bank will be displayed only on statements for Citigold® Account Package.

For information about linking a Citigroup Global Markets Inc. Investment Account to a checking or money market account in any eligible account package for transfer purposes, please see the “Transfers” sub-section in the “Types of Transactions; Limitations” section of the “Electronic Banking” section of the *Client Manual – Consumer Accounts*.

When owed, monthly service fees and non-Citibank ATM fees will be deducted from your checking account and will appear on your next monthly statement. If you do not have a checking account, these fees will be deducted from accounts in the order displayed below, depending on the combination of linked components you have in your Account Package:

- Money market account (generally, in the order of first money market account opened); or
- Savings account (generally, if no money market account, in the order of first opened savings account).

> When Deposits Are Credited to an Account

See the “Funds Availability at Citibank” section of this *Marketplace Addendum* for more information.

Household Linking of Account Packages

This section explains certain features of linking account packages within a household. When you link together eligible account packages of two or more members of a household, the combined balances of the accounts in those account packages can provide each household member with certain additional benefits.

If you reside in a household where two or more eligible members each have at least one account in a separate eligible Citibank account package, and you link those eligible account packages together, we can make the features and benefits of our relationship pricing structure available to those household members. In most cases, eligible accounts belonging to all household members can be counted towards the combined household balance for purposes of determining whether monthly service fees and certain other account charges will be assessed and for determining eligibility for benefits associated with higher balance tiers or ranges.

Certain Citibank account packages opened through Citi Private Bank, International Personal Bank U.S. for clients in the Citigold® Private Client International, Citigold® International, Citi International Personal, Citi Global Executive, and Citi Global Executive Account Packages and account packages opened for Non-Resident Aliens, may be ineligible for linking to another account package.

We define a “household” as an account owner and members of the account owner’s immediate family who reside at the same address. When asking us to link account packages you agree that your request will comply with any limitations applicable to the account packages that you ask to be linked. Under federal regulations:

- When any account package includes an account with one of our affiliates, immediate family members whose accounts can contribute pricing benefits are limited to the account owner and spouse; the account owner’s parents, step-parents, siblings, step-brothers, step-sisters, children, step-children, grandchildren and their spouses.
- When any account package includes a retirement account, that package can only contribute to pricing benefits for the retirement account owner and spouse; the retirement account owner’s parents and grandparents, and the retirement account owner’s children, siblings and their spouses.

Important: When household members’ account packages are linked for combined balances, statements for each linked account package may show the household combined balance range. As a result, household members may be able to deduce approximate balances of other members in the household when account packages are linked. Therefore, when deciding whether to link household account packages, customers should evaluate their privacy needs within the household, along with their need for the rate and fee advantages.

Overdraft Protection

This section outlines two optional services that are designed to help you cover overdrafts in your checking account. Availability is not automatic. Ask us for application and enrollment information.

> Safety Check

Safety Check covers overdrafts by transferring funds from your linked money market or savings account. Safety Check will not permit you to get cash or transfer funds from your checking to other accounts if there are insufficient funds in your checking account. Safety Check will also not permit transfers for Bill Payments made from your checking account. The linked contributing account also covers the use of deposited funds that are not yet available in your checking account.

Contributing Accounts. When you sign up for Safety Check, you may select one account you maintain at Citibank as your “Contributing Account.” It can be either a savings or money market account. Other types of deposit accounts are not eligible Contributing Accounts. Only available funds in your Contributing Account can be used for Safety Check coverage.

When Safety Check is used to cover your use of deposited funds in your checking account that are not yet available (uncollected), a like amount in your Contributing Account will be held until the deposited funds become available. The funds held in your Contributing Account are not transferred to the checking account and will continue to earn interest. Since no transfer of funds occurs, there is no transfer fee for use of this service in this circumstance.

Safety Check Transfers. Safety Check transfers from your Contributing Account will be made in the amount needed to cover your overdraft and any applicable fees, rounded up to the next \$100 increment, not to exceed the available balance in your contributing account.

Transfers. No more than \$99,999.99 per calendar month will be transferred from your savings account, or per monthly period from your money market account, to cover overdrafts or use of uncollected funds in your checking account. If one or more transactions cause your checking account to have a negative available balance on a given day, and if you have available funds in your Contributing Account to cover them, only one transfer will be processed for the total amount transferred to cover the transactions. Federal regulations require Citibank to limit the total number of certain kinds of transfers (including Safety Check transfers) from your Contributing Account. The total permitted from savings and money market accounts is six per statement period. For details, please refer to *Limits on Transfers under Account Transactions* in your Client Manual. If the total number of transfers has reached the applicable limit, no Safety Check transfers will be made for the remainder of that calendar month (for savings accounts) or statement period (for money market accounts), and checks which overdraw your checking account will be returned.

Overdraft Protection Transfer Fee. We will charge an Overdraft Protection Transfer Fee once for each day we transfer money to cover an overdraft from a Safety Check Contributing Account. The Overdraft Protection Transfer Fee will be charged to the account that receives the transfer. This fee is waived for Citigold, Citi Priority, Citi Private Bank and Access Account Customers. Please refer to “Other Fees and Charges for all Accounts” in this *Marketplace Addendum* for fee information.

> Checking Plus® (variable rate) Line of Credit

Checking Plus is a revolving personal line of credit account linked to your Citibank checking account that provides overdraft protection and allows you to borrow the extra cash you need. Funds are automatically transferred from the Checking Plus line to the Checking account to cover overdraft amounts; you can also withdraw cash at any time directly from your Checking Plus account without overdrawing your checking account (up to your available credit limit).

The terms of a Checking Plus (variable rate) line of credit account are included in a separate Agreement and Disclosure that you will receive at time of account application or shortly thereafter.

For all Checking Plus® and Checking Plus® (variable rate) Line of Credit customers. Please refer to your Checking Plus or Checking Plus (variable rate) Line of Credit Account Agreement and Disclosure, as applicable, for terms, conditions and fees relating to transfers from Checking Plus Line of Credit or Checking Plus (variable rate) Line of Credit Accounts.

When you make multiple check deposits in the course of a Business Day, the portion in excess of \$5,000 will likewise be available based on the Deposits of more than \$5,000 column.

The First \$200. The first \$200 of the total amount of your Business Day's check deposits to your account will be made available on the Business Day following the Business Day of deposit (Effective July 1, 2020, this amount will increase to \$225).

Additional \$400. An additional \$400 of your Business Day's check deposits will be available on the second Business Day after the Business day of Deposit (Effective July 1, 2020, this amount will increase to \$450).

Special Rules for New Customers. You are considered a new customer if you have not had an account at Citibank for at least thirty (30) days prior to your opening the account. For the first thirty (30) days, the following exceptions to Citibank's funds availability policies and schedules apply:

1. You will be entitled to all the benefits described in the "Check Deposits Given Special Availability" section of your *Marketplace Addendum*.
2. For check deposits not entitled to special availability your deposit will become available on the 5th Business Day after the Business Day of deposit.
3. The \$200 and \$400 availability described above does not apply to new customers (Effective July 1, 2020, these amounts will increase to \$225 and \$450, respectively).

> Exceptions

Collection Items. We may require that any check you present for deposit be sent out for collection. That is, your funds will be available after we have received payment from the bank on which the check is drawn. You will be charged a fee for this service. Please refer to "Other Fees and Charges for All Accounts" in this *Marketplace Addendum* for applicable fees.

Checks That May Not Be Collectible. Occasionally, a check is given to Citibank that we decide not to accept for deposit or payment because we doubt the collectability of the funds. When this happens, we will return the check to you or, if you request, send the check out for collection. On other occasions, we may learn that a check we accepted for deposit may not be honored. Should this happen, we will delay the availability of the deposit for a reasonable period of time until the check is either paid or returned. In all cases, we will notify you of the action we take.

Foreign Checks. Checks that are drawn on banks outside the United States (except checks drawn on banks in American Samoa, the Commonwealth of the Northern Mariana Islands and Guam) are generally sent for collection. Your account will be credited for the US dollar equivalent of the check based upon a timetable which reflects when we would customarily receive payment from the bank on which the item is drawn.

Events Beyond Our Control. In the event that we are unable to conduct business due to an interruption of communication facilities, suspension of payments by another bank, war, other emergency conditions or other circumstances beyond our control, it may be necessary to increase some or all of the time periods specified in these availability schedules. If this happens, we will try to inform you if possible.

Redeposit of Check(s) Returned Unpaid. We reserve the right to extend the time within which these checks become available.

Overdrafts. We may delay the availability of the deposit if you have overdrawn your account or have had frequent returned deposits.

Double-Endorsed Checks. We reserve the right to refuse to accept for deposit a double-endorsed check. A double-endorsed check is a check that is made payable to someone other than yourself and then endorsed to you by that person. If such a check is mailed to the bank or sent to the bank through any remote means, we may elect to return the check to you. If the bank accepts such a check for deposit, it may delay the availability of the deposit for a reasonable period of time until the check is either paid or returned. Should this occur, you will be notified of the delay.

Availability of Deposits Made By Mail. A deposit received by mail is considered made on the day we receive it for processing.

Holds on Other Funds. If we cash a check for you that is drawn on another bank, and the amount of the check you cash is not entitled to same day availability in accordance with our general policy, we will place a hold on funds already in your account for an amount equal to the amount of the check you have cashed. In this event you will receive a notice indicating when the funds will be available for withdrawal.

Bank's Right to Chargeback. The Bank's policy on availability of funds from checks that you deposit will not affect your obligation to repay the Bank for any check that you deposit that is not paid, nor will it affect the Bank's right to charge back your account or to obtain reimbursement for any check that is not finally paid for any reason.

Changes to Our Policy. We will notify you of any change to these Funds Availability policies as required by applicable law.

For all types of Interest Checking, the savings sub-accounts pay the same interest rate as their corresponding transaction sub-accounts. Transfers can occur on any Business Day. Transfers to the savings sub-account will be made whenever available balances in the transaction sub-account exceed a preset level. Transfers from the savings sub-account to the transaction sub-account will be made whenever the transaction sub-account balances fall below a predetermined level. Both sub-accounts are treated as a single account for purposes of your deposits and withdrawals, access and information, tax reporting, fees, etc.

AMENDMENT:

The section titled Rejection of a Funds Transfer Request under “Cancellations or Amendments of Funds Transfer Request” is amended as follows:

We reserve the right to reject your funds transfer request without cause or prior notice. We may reject your request if the dollar value of one or more of your transfer requests exceed your daily transfer limit, if you have insufficient available funds in your account for the amount of the funds transfer and applicable fee, if the information you provide in connection with that transfer is incomplete or unclear, if we are unable to confirm the identity or authority of the person providing the request, or if we are unable to fulfill your request for any other reason. For international transfers you understand we are required by U.S. regulations to provide you with certain information about your transfer request and if we are unable to provide you with that information at the time of your transfer request for any reason, we will need to reject your request. If we reject a request for a funds transfer, you will be notified of the rejection at the time of your request or as soon thereafter as we determine to reject the transfer request.

AMENDMENT:

Certain Deposit accounts may be eligible for more than the standard deposit FDIC insurance amount, called FDIC “pass-through” insurance. As a result, a new section titled “Certain Deposit Accounts with Transactional Features” is added under the “Special Circumstances” section of the *Client Manual – Consumer Accounts* as described in the below amendment:

Certain Deposit Accounts with Transactional Features

If you have opened a deposit account on behalf of the beneficial owner(s) of the funds in the account (for example, as an agent, nominee, guardian, executor, custodian or funds held in some other capacity for the benefit of others), those beneficial owners may be eligible for FDIC “pass-through” insurance. This means the account may qualify for more than the standard deposit insurance amount. If the account has transactional features, you must be able to provide a record of the interests of the beneficial owner(s) in accordance with FDIC requirements in the format presented below. Additional information that describes the process to follow and the information you will need to provide to the FDIC in the event Citibank fails can be found on the FDIC’s website in a document entitled “Deposit Broker’s Processing Guide” in section “VIII. Part 370 Alternative Recordkeeping Entity Processing; Addendum to the Deposit Broker’s Processing Guide.”

In the event that Citibank fails, you agree to cooperate fully with us and the FDIC in connection with determining the insured status of funds in such accounts. This includes providing the FDIC with the information described above in the required format within 24 hours of bank failure. You understand and agree that your failure to provide the necessary data to the FDIC may result in a delay in your receipt of FDIC insured funds. Notwithstanding other provisions in this Agreement, this Section survives after a receiver is appointed for us, and the FDIC is considered a third party beneficiary of this Section.

Citi ElevateSM Account Package

Banking Package Overview

The Citi ElevateSM Account Package is a “digital” banking package with electronic delivery of statements and other legal notices and communications instead of through the U.S. Mail. Clients must provide consent to “paperless” statements and register for online access through Citi[®] Online or the Citi Mobile[®] App in order to view and keep copies of statements and other legal notices and communications. AMENDMENT:

Footnote #3 in the "Citibank Account Package" section of the Marketplace Addendum has been amended as follows:

Reduced by the amount of any outstanding margin loan balance. Accounts carried and securities-based lending provided by Pershing LLC, member FINRA, NYSE, SIPC.

The first and second paragraph of the "Linking Your Account to a Citigroup Global Markets Inc. Investment Account" section under "Investment Account Linking" has been amended as follows:

You can link a Citigroup Global Markets Inc. Investment Account to your Citibank® Student Account Package, Citibank® Account Package, Citi Elevate Account Package, Citi Priority Account Package, Citigold® Account Package, Citigold® Private Client, or to your Citi Private Bank Interest Checking Account, provided that the account titles are identical.

Linking your Citibank® Student Account Package, Citibank® Account Package, Citi Elevate Account Package, Citi Priority Account Package, Citigold® Account Package, Citigold® Private Client, or your Citi Private Bank Interest Checking Account to a Citigroup Global Markets Inc. Account ("Linked Investment Account") has many advantages, such as being able to view the balances in your Linked Investment Account using Citibank® Online or Citi Mobile®, and at ATMs located in Citibank branches. In addition, eligible balances in your Linked Investment Account are currently counted toward relationship pricing of your Citibank® Account Package, Citi Priority, Citigold® Account Package, Citigold® Private Client, or your Citi Private Bank Interest Checking Account.

The "Account and Banking Package Changes" section under "Important Information you Should Know" is deleted in its entirety and replaced with the following:

If a Regular Checking account is converted to an Interest Checking or Citigold® Interest Checking account, the account will earn the applicable interest rate of the new checking account on the date the account was converted.

Statement cycles, depending on your banking package, can either be end of month or non-end of month. Non-end of month statement cycles can be any date throughout the month, depending on the date you opened your account.

If you convert from a banking package with an end of month statement cycle to a banking package with a non-end of month statement cycle, or vice versa, you will receive a final statement detailing your old account activity, including interest earned prior to the banking package change.

If you convert from a banking package with a non-end of month statement cycle to a banking package with a non-end of month statement cycle, you will receive a non-end of month statement detailing the account activity of the old account package and the account activity after the banking package change, including interest earned throughout the entire month.

If you convert from a banking package with an end of month statement cycle to a banking package with an end of month statement cycle, you will receive an end of month statement detailing the account activity of the old account package and the account activity after the banking package change, including interest earned throughout the entire month.

The chart below describes the statement cycle for each banking package.
